

Rendition of Real Property Inventory

Year: 2015

Filing Deadline: April 15, 2015

CONFIDENTIAL

This form is for use in rendering for taxation residential real property inventory, as contemplated by Tax Code, §23.12, that you own or manage and control as a fiduciary on January 1 of the year for which the property is rendered. The form is for rendition; it is not an application. The form does not entitle you to special appraisal or govern the appraisal of property rendered. Unless required by the Tax Code or the chief appraiser of your county appraisal district, rendering residential real property inventory is optional. The chief appraiser may require rendition that is not mandated by the Tax Code. **If you do render, you must use this form or a form approved by the Comptroller containing information which is in substantial compliance with this form and you must deliver the form to the chief appraiser after January 1 and not later than April 15.** On written request by the property owner, the chief appraiser shall extend a deadline for filing a rendition statement or property report to May 15. The chief appraiser may further extend the deadline an additional 15 days upon good cause shown in writing by the property owner.

If you have previously filed a rendition form and it remains an accurate rendition of your property for this year, you may check the box below and sign this form.

Use this rendition form to report residential real property that was part of your inventory on January 1, _____. You must file a separate rendition form for each subdivision or group of contiguous properties that you own. Don't list a property unless it meets these tests: (1) it is a residential property; (2) it hasn't ever been occupied as a residence; (3) it hasn't been leased, rented, or otherwise used to produce income since the beginning of the year; and (4) you have held it for sale since the beginning of the year. **You must indicate the description of each property: include the appraisal district account number (PID: Property ID #) if the district has assigned separate numbers for each property, Physical Street Address, Improvement Area, Percent Complete On January 1, Purchase Price And The Asking Price for the property.** The columns for you to indicate estimated land and improvement value are optional. If you do show a value, please complete the information on the back of the schedule concerning how the inventory value was derived.

Use of the rendition form will assist the appraisal district in classifying your property and appraising it as inventory under Section 23.12, Tax Code. If you want to render real property that does not meet the tests listed above, use the general rendition of real property form. The law doesn't require you to estimate the value of your property. If you do state an estimate, the appraisal district must send you a notice of appraised value if it places a higher total value on your property than you estimate.
